

Good Design: A Plan for The Lockies!

Tuesday 31st January 2012

5.30pm – 7pm

**Mill Lane Working Mens Club, South Kirkby,
WF9 3EZ**

Beam are working in partnership with Wakefield Council, South Kirkby Community Association and Chevin Housing to develop a vision and outline plans for 1.5 acre, disused site in the old pit village of South Kirkby.

Beam have been successful in securing Neighbourhood Projects and Design Review Small Programme Grants to undertake some creative visioning workshops – to develop a vision and plans for the site which can then be taken to a Design Review Session where some of the residents will be presenting the design alongside the Landscape Architect to the Design Review panel and developing a plan to go forward.

Open Invitation

Groups and leaders from other communities are warmly invited to attend this workshop with members of the South Kirkby Community Association and residents to find out more about design and Design Review.

Come and find out more about:

- 'Good Design'
- What is Design Review?
- How can we use Design Review to improve our design ideas?

Free Buffet and Refreshments will be provided

For more information and to sign up to the free workshops please contact **Andrea at Beam on 01924 215550 or andrea@beam.uk.net**

Design Review of the Lockies Scheme

Monday 13th February 2012

5.30pm – 6.30pm

***Please ensure you are seated by 5.30pm**

The Orangery, Wakefield, WF1 2TG

Open Invitation

Following on from the previous workshop, groups and leaders from other communities are invited to come and observe representatives from South Kirkby, present 'The Lockies' scheme to a panel of design experts, and take part in discussion afterwards.

What you learn could help improve your own neighbourhood!

Refreshments will be provided

For more information and to sign up to the free workshops please contact **Andrea at Beam on 01924 215550 or andrea@beam.uk.net**
